CALABASAS EARTH DAY EVENT 2010

The City of Calabasas Earth Day Event will take place on Saturday, April 3, 2010 from 1:00pm to 5:00pm at the Las Virgenes Creek site on Agoura Rd (behind the Starbucks at 26531 Agoura Rd) in Calabasas. Over fifty exhibitors from all over Los Angeles County will be participating in the event to help participants take actions that will save them money through efficiency while protecting our planet. Auto makers like Audi and Volkswagen will be on hand to promote their latest eco-cars and solar energy companies will provide information to interested residents. A full list of exhibitors is attached below. The festival is free of charge and the Calabasas Earth Day event will have something of interest for everyone. The festival will also feature numerous children's activities to teach kids about the environment while they have fun.

Calabasas Earth Day was created to be a day of education, celebration, and action for the natural world in which we live. On April 22, 1970, Earth Day marked the beginning of the modern environmental movement. Calabasas Earth Day sets a clear example for people and businesses how simple lifestyle changes can make a difference.

For more information and to volunteer, please visit the website at www.cityofcalabasas.com or call Alex Farassati at 818-224-1680 or Adam Shamoon at 818-224-1679.
