Canoga Park, CA 91304**

**RSVP by Monday, September 21
Kamara Sams, kamara.sams@boeing.com, 818-466-8793**

Under regulatory oversight by the Los Angeles Regional Water Quality Control Board, the goal of the Interim Source Removal Action (ISRA) is to improve surface water (stormwater) quality by identifying, evaluating and remediating specific areas of contaminated soil in Outfall 8, a drainage location, in order to eliminate the constituents of concern that may exceed surface water permit limits.
